

Eurocopter AS355-F2

G-ZITZ

s/no 5135

Re-Manufactured 1993

4783 Hours

## **Eurocopter AS355-F2 IFR G-ZITZ**

### **PRESENTATION**

G-ZITZ was re manufactured in 1993 by Eurocopter France and upgraded to the F2 IFR (Dual Panel) specification model. HeliAviation imported the aircraft from the United States in 2004 where it then underwent a complete refurbishment to include new Interior and Paintwork. The aircraft is presented in pristine VIP condition with just 60 hours flown since the 12 year G check and component overhaul being completed in February 2007. The aircraft is therefore offered for sale with excellent remaining component times and up to date compliance with all Air Directives and Service Bulletins.
